CONNECTING POWER
1. Plug the unit to the AC 120V 60Hz socket outlet.
2. Insert 2 pieces of AAA 1.5V battery (not included) into the battery compartment.

SETTING THE CLOCK

TO SET THE CLOCK FOR THE FIRST TIME
1. Plug the unit to the socket outlet and the clock display will flash with the hour digits.
2. Press the + or – Button to adjust the hour. The PM Indicator will light up when you set the hour to PM time.
3. Press the TIME Button to confirm the hour. The minute digits will be flashing.
4. Press the + or – Button to adjust the minute.
5. Press the TIME Button to confirm the minute.

Note: in future you can also adjust the time by pressing and holding the 'TIME' Button for 2 seconds in clock mode(radio off). The hour digits will start to flash. Then you can follow the step 2 to step 5 to adjust the time.

USING THE ALARM

TO SET THE ALARM
You can set two alarms (ALARM 1 & 2) with the following steps:
1. Turn the unit to Clock mode (radio off).
2. Press and hold the AL1 Button for 2 seconds. The hour digits will start to flash.
3. Press the + or – Button to adjust the hour.
4. Press the AL1 Button for confirmation. The minute digits will start to flash.

5. Press the + or – Button to adjust the minute.
6. Press the AL1 Button for confirmation.
7. Press the AL1 Button for selection of how you want to be awakened.
   - A red LED lights up at Bell symbol means a buzzer sounds when the alarm time is reached.
   - A red LED lights up at Music Note symbol means the radio will be switched on at the last set station when the alarm time is reached.
8. You can turn off the alarm by pressing the AL1 Button repeatedly until no LED lights up at the symbols.

Note: you can set the ALARM 2 by repeating the above steps with the AL2 Button.

TO REVIEW THE ALARM
1. After the alarm has been set, you can review the alarm time by pressing and holding the AL1 or AL2 button for 2 seconds. The alarm time will be blinked on the display.
2. After 5 seconds, it will go back to normal time display.

TO STOP THE ALARM AND RESET THE ALARM READY FOR THE NEXT DAY
1. When the alarm goes off, press the ON/OFF button to stop the alarm.
2. The alarm will be automatically reset and gets ready for the next day.

SNOOZE FUNCTION
1. Press the SNOOZE button after an alarm goes off. The alarm will be silenced for 9 minutes and then sound again.
2. SNOOZE button can be pressed for 6 times. Then the alarm will be stopped automatically and gets ready for the next day.

LISTENING TO THE RADIO

TO TUNE THE RADIO TO DESIRED STATION MANUALLY
1. Press the ON/OFF button to turn on the radio.
